

# CANCELLATION OF ALS RESPONSE

## Indication

On duty, on-scene, EMS/Fire and/or Law Enforcement personnel have determined there is no need for additional resources.

On-duty, on scene, EMS/Fire personnel may CANCEL the response of additional resources under the following conditions:

- Unable to locate the patient
- Patient meets criteria for BLS determination of death
- Patient does not meet any criteria for ALS transport as outlined in ATG 4

On-duty, on scene, Law Enforcement personnel may CANCEL the response of additional resources under the following conditions:

- Unable to locate the patient
- Patient meets criteria for BLS determination of death (BTG 2)

## **SPECIAL CONSIDERATIONS**

Following an appropriate evaluation and vital signs, an on-scene paramedic may determine that the patient does not require ALS transport and request the services of a BLS resource for transport. See protocol ATG 4.
